

Advanced Air Cleaning for Home & Office

IQAir® HealthPro 250

High-Performance Allergen & Odour Control

IQAir® Achievements & Awards

Top Consumer Test Rating
Germany's prestigious consumer product testing agency rated the IQAir HealthPro as the best air cleaner for allergen removal. It was the only device out of 10 contenders to receive the top mark "very good" for the removal of airborne particulates.

Awarded Two US Patents
IQAir filter systems use cutting-edge technology. The revolutionary housing design, the unique HEPA-filter construction and the internal sealing system have already been awarded two US patents. Other US and worldwide patents are pending.

Swiss Made.

Total User Control & Convenience

Smart Filter Life Monitor

Tracks life of each individual filter to maximize performance and yield. Calculates remaining filter life down to the hour, based on actual usage and air quality conditions.

Indicator LEDs

Give visual signal when it's time to replace filters.

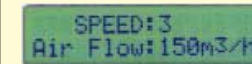

Programmable Timer

The automatic timer allows the IQAir system to be programmed to switch on and off at specified times and on specific weekdays.

5 Fan Speed Settings

Allows selection of the most suitable performance/sound ratio. The corresponding air flow is displayed in cfm or m³/h.

Remote Control

For fast and convenient operation from up to 10 metres away.

3 Year Warranty

IQAir systems are an investment in clean air for many years to come. We are proud to cover the HealthPro 250 for a full three (3) years against defects in parts and labour. Filters, as consumables, are exempt from this warranty.

IQAir® HealthPro 250: Air Cleaning Perfection

1 HyperHEPA™ Performance

Better than just HEPA

Features up to 100 times higher particle (allergen) retention than conventional HEPA air cleaners.

Superior total system efficiency

The entire air cleaner, not just the HEPA-filter, performs at 99.97% filter efficiency for particles of 0.3 microns in size or larger. The minimum efficiency for smaller particles such as bacteria and viruses is 99% or higher.

2 Advanced Gas & Odour Removal

The HealthPro features a V5-Cell Filter – the most advanced gas and odour filter available in a residential room air purifier. The filter contains a unique blend of activated carbon and impregnated active alumina for the removal of a wide variety of gases and unpleasant odours.

3 Controls Particles, Odours & Gases

- Dust
- Pet Allergens
- Pollen
- Dust Mite Allergens
- Soot
- Bacteria
- Viruses
- Tobacco Smoke
- Cooking Odours
- Pet Odours
- Paint Fumes
- VOCs
- Smog
- Ozone

4 Total User Control

- 5 Fan Speed Settings
- Integrated Timer
- Remote Control

5 Certified Performance

Each IQAir HealthPro is individually tested and certified. Each unit comes with its own 2-page Certificate of Performance.

Model featured:
IQAir HealthPro 250

6 Ultra Quiet Design Features

- Sandwich design positions fan between noise absorbing filters
- Dual wall design absorbs sound
- 8 Shock absorbers reduce vibration

7 Superior Air Delivery

- Most powerful fan in its class
- Steel ball bearings for outstanding durability
- Fan individually balanced to eliminate vibration

8 Save Money on Filters

Independent filter stages

Allow each filter type to be replaced individually. Only replace those filters which are used up.

Intelligent filter life monitor

Shows when to replace which filters, based on actual usage and air quality conditions.

Super efficient pre-filter

Allows V5-Cell & HEPA-filter to last up to 5 times longer.

9 Low Energy Consumption

- Outstanding energy efficiency at all fan speeds
- Costs only pennies per day to run

10 No Air Drafts

EvenFlow™ diffuser returns cleaned air to the room without causing drafts.

11 Swiss Quality

- Engineered and manufactured in Switzerland
- 3 year warranty
- Elegant and stylish
